- **Higher Secondary** 2006 – 2008
Srinivasa.Hr.sec.school(2019– 2022)
 - I developed a strong interest in C programming during my school years, which sparked my passion for coding.

MINI-PROJECT

Restaurant Reservation and Ordering System

HTML | CSS | JavaScript

- Built a responsive restaurant booking web app using HTML, CSS, and JavaScript. Enabled real-time reservation confirmation and improved user experience with intuitive UI.
- Included features like reservation forms, dynamic menu display, and order confirmation.

To-Do-List App

React.js | CSS | LocalStorage

- Created a simple and clean to-do list app with features like add, edit, delete, and mark as complete.
- Used LocalStorage to save tasks permanently in the browser.

Recipee – Recipe Web App

React.js | Tailwind CSS | Vercel

- Built a responsive recipe app with add, edit, delete, and favorite features.
- Used LocalStorage for saving user data and deployed on Vercel.

Gym App UI/UX Design

Figma

- Designed a modern, user-friendly gym mobile app interface using Figma.
- Included key features like workout tracking, trainer booking, membership plans, and progress dashboards.

INTERNSHIP

DATANERDZ.AI

Apr 2025 – May 2025

- Digital Marketing Intern | Datanerdz.AI
- Created LinkedIn content, designed posters, and wrote articles to drive engagement and promote the upcoming product, Pluto.

CODSOFT

Frontend Development Intern | CodSoft

- Built a personal website, landing page, and calculator app using HTML, CSS, and JavaScript to enhance front-end skills.
